

Grooming Boys

TOMS

This month we visited the newly adopted RCPE project **Grooming Boys** twice at their Eersterus school. The TOMS shoes that were collected via Annemarie Mostert of Sešego Cares, were handed out to the learners. Eddie and Nolan assisted with the management of about 30 excited boys and organising them according to their shoe sizes. This consignment was a generous gift and the shoes were greatly appreciated by all the fortunate recipients.

Jan, Service Projects Director, addressed the boys

Eddie Smith of Grooming Boys checking out shoe sizes

Nolan of Grooming Boys with Mariana

Above: Mariana explained where the TOMS shoes came from and the history of the company that donates one pair for every pair which is marketed commercially

Left & Right: Eddie Smith from Grooming Boys could not believe his eyes when each of the young boys who participate in his project received a pair of TOMS shoes. The aim of Grooming Boys is to teach the young boys life skills and provide support for their schooling.
