

# WARM BODIES & WARM FEET AT WINTERVELDT

A pair of new shoes never fails to make a child smile brightly. Following the distribution of shoes at the Grooming Boys project, there were still many pairs left over in a whole range of shoe sizes. President Jan and Patrick of the Projects committee, together with the Anns, Marba and Ilona, handed out the remaining TOMS shoes to young children at Winterveldt, causing quite a stir.

On behalf of the Projects committee, President Jan also handed out Blankets and TOMS shoes to some of the elderly folk at Winterveldt. Johannes Ndala (70 years old) was happy to receive his blanket and shoes.
