

Full Tummies at Winterveldt

The club recently had an outing to Winterveldt HIV/AIDS Project (WHAP) where President Jan handed over the Certificate of Appreciation to Mohammed Suleman GM of Metro Hyperland in Silver Lakes. Clive, RCPE's main contact with Mohammed was also in attendance when a consignment of the food sourced from Mohammed was distributed to the selected families in Winterveldt. The recipients of the food all expressed their thanks to the RCPE.

The certificate was in appreciation of his generosity in helping to support and assist the Rotary Club of Pretoria East in our feeding scheme for the Winterveldt HIV/AIDS project, which supplies care and support to those infected by HIV/AIDS and vulnerable children in their community. In particular, his personal assistance in ensuring that the food is packed and available on time for collecting by Rotarians is sincerely appreciated.

Mohammed continues to assist RCPE with this project as he undertook to supply the 23 kg of sugar free of charge in future, thus allowing the released funds to be used to purchase tinned fish.

President Jan and Clive handed over a Certificate of Appreciation to Mohammed Suleman GM of Metro Hyperland in Silver Lakes.

Clive sourced another consignment of food from Metro which was delivered to WHAP for distribution to needy families.

An impoverished family receiving their food

A chronically ill individual who depends on the food for his daily nutrition.

One beneficiary is a disabled, bed-ridden lady
