

# INFOTOONS PROJECT

Another 20 INFOTOONS were ordered by Ann Roberts of the Inner Wheel (Waterkloof Rotary Club) for their food garden project in a needy white community. That means another R400 contribution to the RCPE Rotary Foundation account.

INFOTOONS are a series of comprehensive information cartoons for semi-literate and illiterate people that illustrate the growing of various vegetable and medicinal crops.

Thank you to Ann and all her ladies who run a very successful project based on INFOTOONS.
