

# Swedish support for SOUNDS Training

## **CAMILLA and NIKE visit ROTARY CLUB of PRETORIA EAST**

The Rotary experience continues to enrich all our lives. Rotarians Camilla Fjastrom and her daughter, Nike, from RC of Landskrona Glumslov in Sweden have been guests of the RCPE during February.

They visited the Cape Town area for a week before flying up to Pretoria and spending a week with Grant, Edie and Robin of RCPE. During that week they attended the RCPE Club meeting on Monday evening 17 February, took in a visit to Berakah and planned the schedule for Camilla to assist with the SOUNDS project. She will be staying with various club members through February and March to mid-April and will be a regular visitor to our meetings.

Her daughter Nike completed the field stage of a school project by interviewing many secondary school pupils on the hopes and dreams for their future in South Africa. Both mother and daughter made the best of our good climate spending many hours lazing around the pool and exploring some of the lovely sites of Pretoria.
