

A Successful Legacy: Camilla's teaching methods take root!

Edie and Robin Jones visited Berakah on Monday 26th May where they conducted the first phase of training for staff from 12 new creches.

There is now a forum of 22 creches in Mamelodi who are or soon will be equipped with SOUNS.

While there, the legacy of Camilla's training was evident.

In two of the classrooms at Berakah they have now firmly adopted small groups of pupils all doing different activities and enjoying it.

A very successful outcome from the Swedish Friendship Exchange that was recently concluded.
