

Developments in Basic Education & Literacy Winterveldt

Bright new developments are on the horizon for SOUNDS at Winterveldt this Rotary year. PEN will coordinate with Marks and Titus of Winterveldt to involve the creches that WHAP assist, a win-win for all.

PP Jan paid the facility a visit and is seen here sitting in front of signs which PEN has begun to decorate. The posters on the walls are for training SOUNDS and creche staff in the best practices for managing a creche. PEN have plans to set up eight (8) creches this year, eight (8) next year.
